Subject: FW: FW: Requesting EPA briefing on Montrose superfund

Importance: High

Scratch my previous email.... Go ahead and contact senator Feinstein's office. May be too late in the day..... If you can't get a hold of them, I think we simply brief Padilla's office separately per my previous email.

Enrique, Thank you for all of this information. We've spoken internally, and we agree with the approach you recommend.

Until we speak,
Jeff

NOAA Colleagues:

Please see below exchanges with Senator Padilla's office who has expressed an interest in a briefing on the deep ocean disposal sites as well as the Montrose Superfund site.

With your concurrence, I would recommend our EPA congressional office contact senator feinstein's office to alert them to Senator Padilla's staff's request and recommend we extend an invite to Senator Padilla's staff.

If you agree, we would also clarify that Monday's briefing would focus on the deep ocean disposal issue and we could arrange a separate briefing in the near future for Senator Padilla's staff on the inland Montrose site and near shore Palos Verdes site.

Please let us know your thoughts on my recommend approach.

Enrique

Thoughts on extending an invite to Senator Padilla's office on Monday?

Hi Sonam,

See the request below from Senator Padilla's office. Can the region help with this request?

Thanks.

Relatedly, we're hoping the briefing can cover the DDT barrel dump site that was found off the coast of Catalina. Thank you!

Hi Radha, happy Friday! We wanted to reach out to request a briefing on the Montrose Chemical superfund site in LA. Is that something you can facilitate? Thanks so much.

Angela
